

Dear Chairman Powell:

Hasn't your organization done enough to decrease the amount of competition in the marketplace? If the FCC lifts the dominant classification from the Local Exchange Carriers (Bells), it will limit competition to a duopoly consisting of a bell and a cable company. Competition in the American Telecom marketplace will not be incentivized, it will be torpedoed. ISPs and CLECs will die, consumers will be deprived of choice and the FCC will be wholly to blame for the travesty. DO NOT DO IT. I myself own a small business, and would be appalled to see the FCC sell out to big business, yet again, at the expense of competition and the small businesses of our country.

A Deeply Concerned Citizen,

Jeffrey Scott Miller
